Below 70	-	Failure

Superior Achievement	- 95
1 st Honor Roll	- 90
2 nd Honor Roll	- 85

WEIGHTED GRADES AND CLASS RANK

Grades shown on transcript are the student's earned grades. However, to encourage students to elect the more challenging subjects and to more fairly assess and reflect a student's achievement, a weighted grade system has been implemented. Therefore, *when calculating Class Rank and GPA*, five points are added to all Honors final grades and ten points are added to A.P. and Middle College final grades. All numerically graded courses are included in both GPA and Class Rank which are officially determined three times: at the end of junior year, after third quarter of senior year, and upon graduation. Only students enrolled at WHS for at least 3 semesters are included in Rank in Class.
